

## PLEASED WITH THE OUTCOME

### OFFICIALS REJOICED AT THE TREATY SIGNING.

Little Doubt But Both the Governments Will Ratify It—Little Now Remains For the Peace Commissioners to Do—Formation of a Trust to Control the Tobacco Trade.

Washington, Nov. 30.—[Special]—Little now remains to be done in the settlement of Spanish-American affairs. The draft of the treaty has been prepared and only awaits signature to become effective. It is expected that it will be signed in due form before the close of the week, and then its terms will be submitted to the senate of the United States and to the treaty making powers of Spain for ratification. In the settlement the United States has obtained every jot and tittle of its original demands, but no more except as to the disposition of the Philippines, which, under the protocol, was left an open question. Every one here is gratified at the outcome, particularly over the fact that none of the European powers attempted to interfere. This fact is taken as indicating increased respect for the American nation abroad. It is being regarded as one of the great powers of the earth whose future domain is not likely to be circumscribed by either latitude or longitude.

### A GREAT TOBACCO TRUST

Will Control the Production in Cuba and Neighboring Islands.

New York, Nov. 30.—[Special]—A company is being formed here with the purpose of controlling the tobacco production of Cuba and Porto Rico. The capital has been placed at several million dollars and agents will be located at Havana and other ports to freeze out smaller concerns. The result will be a temporary increase in the price of Havana leaf, but ultimately the trust expects to control the market and dictate its own prices. It is the intention to secure control of the leading plantations, either by purchase or lease, and to purchase all the warehouses in the leading tobacco markets, thus compelling the smaller producers to pay tribute to the corporation revenues. The projectors are backed by ample capital.

### RATIFICATION IS EXPECTED

Treaty With Spain Will Be Approved By Both Governments.

Washington, Nov. 30.—[Special]—The prompt ratification of the American-Spanish treaty is expected by the administration. The president expects little opposition to the treaty.

Madrid, Nov. 30.—[Special]—The cabinet council sat until a late hour last night. The ministers agreed upon the form of instructions to be sent the commissioners at Paris relating to secondary matters connected with the treaty. The cabinet also discussed the Carlist movement.

## THREE BELOIT DRUNKS HERE

Jail Life to Them Is Out of the Usual Order.

Arthur Phillips, Michael Quirk, and Thomas Graham, of Beloit, are a trio of drunks new to the inside of the Rock county jail. They are here to serve out a five day sentence each on the charge of being drunk and disorderly. This new trio has never before been in jail, and as one of them remarked, "the life is indeed fascinating if the time was not so lengthy."

The prisoners are young men who failed to sign the pledge when Temperance Lecturer Murphy held the boards in the Line City.

### Spain Anxious Much Excited.

London, Nov. 30.—The Madrid correspondent of the Standard, telegraphing Monday, by way of the Spanish frontier, says: "The government, apprehensive as to the effects of signing the peace treaty, has ordered the military and civil authorities to maintain the greatest vigilance over telegrams and telephones. A strict censorship of newspapers is continued throughout the country and special severity is shown with respect to articles alluding to the peace negotiations."

## SHE VISITED LOCAL SALOONS

Missionary Mary Kimball Received a Cold and Welcome There.

City Missionary Mary Kimball has made the rounds of the Janesville saloons for the purpose of raising cash to help her along in her good work. In every saloon she received a cordial reception, and in not one was she insulted. Three keepers refused to lend her a helping hand in the way of cash donations, but they promised to come to the front when Christmas time arrived. "In several of the saloons that I visited men were playing cards," said Miss Kimball in telling of her experience, but on seeing me they quickly covered them from sight and listened to what I had to say. In every saloon that I visited I received cash with the exception of three."

## CAN'T PAY THEIR DEBTS

Milwaukee, Wis., Nov. 30.—[Special]—Two rather unusual petitions in voluntary bankruptcy were filed in the United States court this morning by parties seeking relief from creditors. Albert J. Anderson, of Whitewater, asks to be declared bankrupt and discharged from obligations amounting to more than \$50,000. Joseph C. Lance, of Milwaukee, and Rudolph Oshinsky, of Marinette, who have been doing business under the firm name of J. C. Lance & Co., file petitions individually and as co-partners. Their debts exceed \$10,000.

Rogers to gain admission to the meeting in progress in order to elect his candidate for the control of the organization and thus unseat Coroner Berz and his friends.

## MANAGER STODDARD GETS INTO TROUBLE

### FORMER LOCAL RESIDENT IS BLAMED.

Fond du Lac Paper Says He Pretended to Give An Orphan Benefit Show, But He Himself Played the Part of the Orphans—Police Took a Hand.

W. H. Stoddard, who for a number of years managed the Myers Grand Opera house in this city, and who moved from Janesville to Fond du Lac, is getting himself very much disliked these days, if what the Fond du Lac Commonwealth says is half true. Monday's issue of this week says:

The benefit performance given Sunday evening for Mrs. Prinslow and her children, proved likewise a benefit for Stoddard of the Crescent and Newell of the Troubadours. A daily paper announced Saturday that the show was to be a "Benefit for Orphans." During Sunday two additional "orphans" sprung into existence. They were Stoddard and Newell, the two gentlemen, who only a few days previous had made such a generous proposition to the members of the police force. On Saturday the chief of police ascertained that a morning paper had announced that only one-half of the gross receipts would go to Mrs. Prinslow and her three little children, while the other half was to be used in paying expenses.

People familiar with benefit performances of this character, could not see how the expenses would cover one-half of the receipts, and that, too, when all local talent had volunteered their services free.

After the show was over the settlement matter was again taken up, and for some time the members of the police force worked hard with Stoddard and Newell to protect Mrs. Prinslow's interest in the benefit receipts. Finally the chief tendered the two gentlemen \$100. They accepted it.

The following is a statement from Chief of Police McGrath as to what the agreement was: "I was approached by Stoddard, and I must say he is a dandy, and informed that the show people had decided to give a benefit for Mrs. Prinslow and her three children. Stoddard asked that the police take hold of the matter and manage it, as otherwise it would not be a success, for the citizens would not turn out should it be in the hands of the show people."

The total receipts of last evening amounted to \$329. Of this amount \$100 was paid Stoddard, and had his full claim been met, that of 75 per cent, Mrs. Prinslow would have less than \$100. She now gets \$225, which is yet \$75 to \$80 less than she is entitled to under the original agreement.

The citizens of Fond du Lac will condemn such high handed scheming as was attempted on Sunday evening. And they will rebel against the paying of \$100, when the actual expense was less than \$20. The board at the hotel for the troupe did not exceed \$10, and the expense of light and fuel at the outside, was not more than \$10.

Fox River Mills Lode.

Madison, Wis., Nov. 30.—Riparian rights to a great value along the Fox river of Wisconsin have been won in the United States supreme court by the Green Bay and Mississippi Canal company over the Patten Paper company of Kaukauna and other paper mill companies of that river valley. The case has been in the court for many years and involved the question of the right to use the water which runs over the government dams which are situated at frequent intervals along the river. The use of this water is worth millions and under the decision, so far as known, the many paper mill companies will be compelled in future to pay the canal company for the water they use.

Sanderson Murder Case Goes On.

Battle Creek, Mich., Nov. 30.—A motion was made by Attorney Crosby, representing Mrs. Sanderson, charged with murdering her husband by feeding him on powdered glass, to have the preliminary proceedings now going on before Justice Lewis dismissed, alleging that the justice was an improper person to have the case, for the reason that he was biased in his opinion regarding the guilt of the accused. The motion was overruled.

Tuesday was occupied by the cross-examination of Marie Robertson. Not much of importance was developed. The examination was adjourned until Saturday.

Ex-Queen Demands Millions.

St. Louis, Mo., Nov. 30.—Ex-Queen Liliuokalani of Hawaii, with her suite, passed through this city Tuesday en route to Washington, where she will lay before President McKinley her claims to 1,000,000 acres of Hawaiian land acquired under the title. The ex-queen will also submit a proposition offering to dispose of the property in question to the United States government for the sum of \$6,000,000.

Robbers Fight for Liberty.

Grand Rapids, Mich., Nov. 30.—Isaac Schuler, Grand Rapids & Indiana station agent at Martin, and his assistant, Marshall Wickes, had a wild battle with two burglars in the depot Tuesday. Wickes and one of the desperadoes were wounded, both robbers being later captured.

## PROBLEMS THAT NEED SOLUTION

### HOW SHALL THE ACQUIRED ISLANDS BE GOVERNED?

A Strong Military Force Will Be Needed to Repress Disorder—Spanish American People Prone to Rebellion—They Must Be Taught to Respect Civil Authority.

Washington, Nov. 30.—[Special]—Judging by present appearances there will be little opposition in either branch of congress to an increase of the standing army to a hundred thousand men. The necessity for the increase has been forced upon the country by the results of the Spanish war and the acquisition of the Hawaiian islands. In Hawaii but few troops will be needed—a couple of regiments at most—for the people there are tractable and little inclined to turbulence.

In the Spanish-American islands, however it is different. Wherever there is a trace of Spanish blood there is a disposition to rebel against the existing government, no matter what it may be. The South and Central American republics illustrate some of the difficulties the United States will have to face. In these no government, however devoted to the people's interests, can long maintain itself. The assassin's knife and pistol are always busy, and the man who accepts a high official position does so at the peril of his life.

All the acquired islands will have to be kept under military rule for a period of years, until the people become educated to respect their rulers as long as their rulers respect the people's rights. It will therefore be necessary to have a strong force ready to repress disorder and to reinforce civil authority. It is the intention of the officials at the present time to use the military merely as an emergency force, subject to call from those chosen to enforce the civil law. This can be done without making the government necessarily an arbitrary or despotic one. It is the purpose to educate the people in our new possessions to the responsibilities of citizenship, and to dispense with the military as fast as it shall be safe to do so.

The greatest care will be necessary in the selection of commanders for the acquired islands. Men will be preferred who have not learned to place the military above the civil law. These may be difficult to find among regular army officers, but it is believed that it will not be long before competent and discreet men may arise who are fitted for the emergency. Their task will be a difficult one, for it has been to the disadvantage of the people of the Spanish-American provinces that they have been reared to respect only a government of force.

## PLOT AGAINST A PRINCE

The Life of Prince Ferdinand, of Bulgaria, Was Threatened by Miscreants.

## CREDITORS IN POSSESSION

Monroe Milk Condensing Plant Sold For Its Debt.

Monroe, Wis., Nov. 30.—The plant of the Wisconsin Milk Condensing company was sold yesterday to the mortgage creditors, the conditions of the transfer being that the mortgage creditors assume all liabilities and clear up the company's business. The mortgaged creditors are directors and represent claims amounting to \$19,000. The company has been insolvent for some time, but the directors have made themselves personally liable for considerable amounts and the transfer was made to prevent further loss. The plant represents an investment of \$92,500. It was built at a cost of \$40,000 and the balance of the stock was sunk in operating the plant a few years ago. The Wisconsin Milk company, of Chicago, are the present tenants of the plant.

## MR. RUGGLES VISITS HERE

Tells of His Experience This Summer in Porto Rico.

James Ruggles, a former Janesville boy, who now makes Rockford his home, and who has been to Porto Rico this summer with the army, was in town yesterday greeting his host of local friends. He looks the picture of good health, and says he suffered but little while on the island. His company saw no active service, but they remained away from home too long to suit many of the boys, who were anything but pleased with life as Porto Ricans see it. Mr. Ruggles says that the island itself has great prospects, for the land in places is as rich as any and is considered one of the garden spots of the world. The inhabitants are much the same as the people who live in Cuba.

## PREPARE FOR NEXT SEASON

Wisconsin Football Team is Already in the Field.

Madison, Wis., Nov. 30.—[Special]—Members of the team have all returned from the Thanksgiving recess, and in a few days will elect a captain for next year. The choice lies between O'Dea and A. A. Chamberlain. If O'Dea will take it another year, he will undoubtedly be elected. Next to him the choice of the team is almost unanimous in favor of Chamberlain. Chamberlain has acted as field captain in several of the games this fall, and shown excellent judgment in running the team. Holmes was talked of as a good man for captain, but has refused to allow his name to be used as a candidate. Arrangements for the '99 schedule are already under way, and it will probably include Chicago, Michigan, Illinois, Northwestern, and either Pennsylvania or Harvard.

## IRELAND FOR NUNCIO

Minnesota Prelate May Assume Charge of Church Affairs in the Philippines.

Rome, Nov. 30.—[Special]—It is stated that the Pope is to establish a papal nuncio in the Philippines, and has summoned Archbishop Ireland to Rome to offer him the office.

St. Paul, Minn., Nov. 30.—[Special]—Archbishop Ireland, who is mentioned in the dispatches as the probable nuncio to the Philippines, denies any knowledge of such an appointment. He would, of course, accept if the office was tendered him, but would prefer to remain where he is at present. He has frequently been mentioned as one of the new cardinals to be created at the next consistory in March, and would prefer such an office to going to the islands in any capacity whatever. He is, however, too good a churchman to refuse any appointment that may be tendered him.

## TRIED FOR BLACKMAIL

The Woman Who Attempted to Extort Money From the Goulds Is at Bar.

Albany, N. Y., Nov. 30.—[Special]—The trial of Mrs. Margaret Cody, accused of attempting to blackmail the Goulds in connection with Mrs. Angel's claim that she was Jay Gould's lawful wife, was resumed today. One witness testified that when Mrs. Angel stated in Mrs. Cody's presence that she was not Gould's wife Mrs. Cody exclaimed: "I shall be denounced as a blackmailer. You certainly said you were Gould's wife."

## ENLISTMENTS SLOW

Recruits Do Not Appear to Be Anxious to Enter the Military Service.

Washington, Nov. 30.—[Special]—Reports received here from recruiting offices throughout the country show that some difficulty is being experienced in getting recruits. The reluctance of men to enlist is attributed to the hardships of the war with Spain.

## HUNDREDS PERISH DURING THE STORM

### NEW ENGLAND'S SHORE IS STREWN WITH BODIES.

More Than Two Hundred Vessels of All Kinds Were Wrecked—Loss of Life Increases With Each Report Received—Property Loss Will Reach Millions.

Boston, Nov. 30.—[Special]—The Portland horror grows hourly. Additional names of those on board are constantly being reported until the list of passengers has reached 78 and the crew 64. Not a soul is saved so far as known, and the 142 persons aboard are given up for lost. Wreckage and bodies are coming ashore slowly on Cape Cod, and only 36 victims have been found thus far. The fact that the bodies are coming ashore so slowly confirms the belief that the vessel foundered in the open sea. In that event many bodies will not be found. Capt. Blanchard, who went down with the steamer is held responsible for the disaster. He went to sea against orders.

Boston, Nov. 30.—[Special]—Nothing is yet heard of the steamers Gate City and Pegot. Sea faring men, however, think the vessels are safe.

Chatham, Mass., Nov. 30.—[Special]—Twelve corpses were washed ashore near Highland Light, nearly all having on Portland life preservers. The body of a woman scantily clothed as though she had dressed in a hurry was among those picked up. Her watch had stopped at 9:19.

Gloucester, Mass., Nov. 30.—[Special]—The schooner Lowell arrived today with twenty-three members of the crew of the schooner Lunenburg, who were rescued with the greatest difficulty while their vessel sank in Monday's gale.

Boston, Nov. 30.—[Special]—A complete record shows that nearly two hundred vessels were wrecked on the New England coast in the last blizzard of Saturday and Sunday. Two hundred lives are known to have been sacrificed, but the list is being added to every day, and may reach 250. The financial loss will run into the millions.

New York, Nov. 30.—[Special]—Communication with points along the Long Island coast is gradually being restored. Dozens of vessels, mainly small craft, are reported lost. Four schooners were wrecked in the sound near Fort Jefferson. The crews were probably lost.

## METHOD IN HIS MADNESS

Pitt Cravath Kept a Memorandum of His Dying Sensations.

The suicide of Pitt Cravath, of Whitewater, an account of which appeared in the Gazette of yesterday, was exceedingly deliberate.

On Sunday night he went into the bath room of his house, closed it up, and put a blanket over the window shade. He then filled the small stove in the room, which had coal, which he started burning with charcoal, first disconnecting the stove pipe with the chimney and leaving the stove top open. He then drank an ounce and a quarter of laudanum in ether and lay down beside the stove. He kept a memorandum of his condition or the effects of the laudanum at intervals of every few minutes, which may perhaps be of use to the medical fraternity.

The last memorandum was written about 11:30, and says: "I don't think I can write any more, as I am getting too sleepy." He was found in the morning.

## FISHER IS NOT WORRYING

O'Dea Says That He Does Not Intend to Join Harvard University.

John Fisher, of this city, who is manager of the state university football team, is not worrying these days over the idea that Pat O'Dea intends to leave the eleven.

O'Dea, Wisconsin's captain, has announced that he is a candidate for reelection. This will at once put an end to the rumors that the wonderful, kicker would enter Harvard, where his brother, Andy, has become the assistant crew coach and will attend to the individual development of crimson material. Before leaving Chicago for Madison last night, O'Dea said: "I will play with Wisconsin next year. I am not going east. I don't know whether or not I will run for captain again. Phil King will be back in Wisconsin another year without a doubt. Prexy Adams, our president, saw me after the Northwestern game and found out that I was pretty sore. He ordered me to stay down here until I was all rested up."

## SENATOR HANNA ON WAR'S RESULTS

HE LOOKS FOR AN ERA OF GENERAL PROSPERITY.

No Danger of Interference of European Powers in Settlement With Spain—War Taxes Will Necessarily Be Burdensome For a Time—McKinley For Second Term.

Senator Mark A. Hanna, of Ohio, is in Chicago, and has been talking to the newspaper men on subjects of national interest. In discussing the results of the war with Spain he said:

"Humanity and civilization will follow the flag into every country that American arms have conquered. The final peace treaty between Spain and the United States means the triumph of a war for humanity, which also signifies a Greater America."

"The result of the peace commissioners' work at Paris marks the climax of one of the best administrations at Washington with which the American people were ever blessed. It is the triumph of a patriotic president backed by the patriotic masses. It is the natural sequel of President McKinley's consistent, firm and statesmanlike attitude. Powers Will Not Interfere."

"I do not think there will be any intervention of European powers in the Philippines. This country will be fully able to hold all its conquered territory in any event. It will introduce American civilization and Christianity into the islands recently acquired. I favor the increase of the standing army to 100,000 men, and also believe in strengthening our splendid navy."

"War taxes will, in all probability continue indefinitely, and I do not know when this source of revenue will be discontinued. There will be no revision of the tariff for at least a year."

"President McKinley will be re-nominated by the people and re-elected beyond doubt. The next campaign will be an easy victory for the republican party with such a strong standard bearer. There is no doubt but that the American people will endorse the administration of President McKinley. Every promise of the national platform adopted at the St. Louis convention has been faithfully kept. The country has been rescued from the industrial and commercial depression into which it was plunged during a democratic administration. The corner stone of prosperity is confidence. This was created with the election of McKinley, and since then business has reached its normal condition and prosperity has followed."

Industry is Reviving.

"Every industry, with the possible exception of the textile industry in New England, has revived, and with the general restoration of better times naturally came the increased employment of labor and prosperous life to wage-earners. It can be said without fear of successful denial that there are comparatively few unemployed workmen in this country now. Of course there is always a class of men in large cities every winter whose idleness is in most instances voluntary or due to incompetence, but generally speaking the wage-earners are happier today than they have been since 1891."

"I believe that free silver will eventually be abandoned by the democrats, as an issue in 1900. I think the democratic leaders will heed the warning which the people registered at the polls in an off year like 1898, when a sound money congress was elected and great gains of sound money congressmen were made in states west of the Mississippi River. This rebuke to democracy in the heart of the free silver country will doubtless demonstrate that the silver wave has receded."

clerks' last evening—or one faction of the guild—was but thinly attended, and the masquerade was few and far between. The affair, however, proved an enjoyable one for those present, as there was plenty of room for dancing and the music furnished by Smith's orchestra was excellent. The affair was not a financial failure, however, as many tickets had been sold to persons who did not attend. There was too slight an intermission between the two masquerades, and there is no doubt but both factions were the losers. All friends of the clerks will hope that their difficulties will be adjusted before they plunge themselves into more serious troubles.

THE KELCEY-SHANNON APPEARANCE PROMISING.

One of the Most Complete Organizations in the Country Producing the Choicest of All Modern Plays—"The Moth and the Flame"—"The Carpetbagger" Saturday.

One of the most brilliant and notable events of the new theatrical season will undoubtedly be the engagement of the Kelcey-Shannon company at the Myers' Grand next Monday when they will present Clyde Fitch's new society drama, "The Moth and the Flame," one of the most distinctive successes of last season. The play when originally produced last spring, won the highest favor in other cities, on account of its striking originality, the unique quality of its incidents, its powerful contrasts of comedy and seriousness, and the brilliant character of its dialogue. It is in three acts, the scenes of which are laid among the "smart set" of New York's fashionable society. The first act occurs at a fancy children's dress party in the home of a wealthy New Yorker, and the second at

Mr. Reed was living in the south at the close of the war, and is familiar with the conditions then existing.

Mr. Murphy has surrounded himself with an excellent company fully capable of bringing out the salient features of a very strong and effective drama. There should not be a vacant seat in the Opera House on Saturday.

## GOOD COMPANY OF COMEDIANS

Bryan's Organization Will Open an Engagement Here on Tuesday.

Bryan's comedians open a five-days' engagement in this city on Tuesday next. A Racine paper, in speaking of the show as given in that city, says:

"Bryan's comedians opened a week's engagement at Belle City opera house last night and showed to the largest audience ever seen in the play house. Every chair, up and down stairs, was occupied, the gallery was jammed with a mass of human beings, the boxes were filled, aisles and sides with camp chairs, and standing room in the rear filled. It was certainly a crowd of people that seldom get together in an opera house and astonished even the management of the house. 'A Hot Time in the Old Town' was the production and it was filled with laughable incidents and specialties. The company leads any popular price aggregation that has appeared at the Belle City house, and the liberal applause and encores afforded the comedians and actresses was evidence that they were pleased. The up-to-date songs were excellent and special mention is deserved by F. F. Miller and William Benjamin in their dancing. The baritone solo of Henry J. Terry was a feature, and the gentleman possesses a pleasing voice. The Bryans are up on the top of the ladder in their songs and specialties. The opening chorus, 'Willie Off the Yacht,' was better than half the \$1 companies presenting such features. F. F. Miller makes a laughable German, and Claude Melotte was a colored character of ability, and the two Melottes in their special work could not be more entertaining. But taking it all in all the company is well balanced and they have a band that surpasses the majority of the show band seen here."

## THIS IS ST. ANDREWS' DAY

It Will Not Be Observed by the Scotch of Janesville.

This is St. Andrew's day, an anniversary which Scots throughout the world are wont to honor with banquet and ball, toasts and speeches. Nothing has been done in Janesville towards the observance of the day, as the Scots hereabout prefer to commemorate the life of Bobby Burns, about which there is no mysticism, though much romance lingers about his name. It is probable, therefore, that there will be no general gathering of the natives of the "Land of gray heath and shaggy wood" until February.

The day is one of the notable ones in the church calendar, and is observed in both the Catholic and Episcopal churches with appropriate services.

So Badly That She Had No Control of Her Hands.

Completely Cured by Dr. Greene's Nervura, which She Pronounces

"The Prompt Remedy of the Age For Curing Rheumatism and Neuralgia."

"Three years ago I was very severely troubled with rheumatism, so badly that I had no control of my hands. I tried several kinds of medicine without good results, in fact I grew worse. My sister knew of Dr. Greene's Nervura blood and nerve remedy and persuaded me to try it. She brought me the remedy, and as fast as one bottle was used up, she brought another, until I had used nine bottles when I was entirely cured and I have had no return since."

"I am fully convinced that Dr. Greene's Nervura blood and nerve remedy is the foremost remedy of the age for rheumatism, and for toning up the system and purifying the blood. I heartily recommend the remedy."

Mrs. JENNIE L. GERTZ, Housekeeper, 'The Elms', 1408 H. St., Washington, D. C.

**For White Supremacy.**  
Norfolk, Va., Nov. 30.—The first union public meeting of the railroad brotherhoods was held at the Academy of Music here Tuesday night. It came out during the address of Grand Master Frank P. Sargent of the Brotherhood of Locomotive Firemen that one of the chief purposes of the meeting of the brotherhoods was to begin a campaign in advocacy of white supremacy in the railway service.

**Italy's Coast Storm Swept.**  
Rome, Nov. 30.—The whole Italian coast line has been swept by a terrific storm, which has caused the greatest damage everywhere, havoc having been wrought by both wind and sea. Spezia, Genoa, and Messina have suffered greatly, and most of the Sardinian fortifications have been seriously damaged. Hundreds of vessels have been wrecked and many lives have been lost.

**MANY TO BE MUSTERED OUT.**  
Results of Peace Negotiation to Be Felt by the Volunteers.

Washington, Nov. 30.—One of the first results of the determination of the peace negotiations at Paris will be orders for mustering out of 30,000 men of the volunteer army.

The forces contemplated for the islands are: For the Philippines, 20,000; for Porto Rico, about 7,000; for Cuba, not more than 30,000. This, on the basis of 75,000 men for the regular establishment—which is the number now reckoned on by competent military forecasters here—will leave 20,000 men for frontier and station work in this country. Secretary Alger recommends 100,000 men.

There are now 30,000 volunteers who are entirely useless in view of the technical cessation of hostilities. Orders for the mustering out of these will be issued without delay, which will leave 100,000 in the army.

Secretary Alger refused to say whether he would ask for more pay for enlisted men, but it is asserted unhesitatingly that it will be impossible to secure the enlistment of 75,000 men unless there be a greater pay than \$13 a month per man.

**From New Zealand.**  
Reefton, New Zealand, Nov. 23, 1898. I am very pleased to state that since I took the agency of Chamberlain's medicine the sale has been very large, more especially of the Cough Remedy. In two years I have sold more of this particular remedy than of all other makes of the previous five years. As to its efficacy I have been informed by scores of persons of the good results they have received from it and know its value from the use of it in my household. It is so pleasant to take that we have to place the bottle beyond the reach of the children.

**DEFEATS ALTON NEGROES.**

Jury Finds Against Colored Complaintant, on the School Question.

Edwardsville, Ill., Nov. 30.—The famous Alton school case was practically concluded Tuesday, when the jury found for defendants. It was instituted as a mandamus proceeding in the supreme court of Illinois by Scott Bibb, a colored citizen, against the mayor and the school board, to compel the admission of his children to the nearest school instead of assigning them to one farther than his home.

The jury's finding is in substance as follows: Educational facilities of the schools are equal; Bibb's children did not apply for admission at the 1893 school term; that police officers were not instructed by the mayor and council to prevent colored children from attending certain schools; that Bibb's and other colored children were not denied admission because of color; that the city was not laid out as one district for the purpose of enabling the superintendent to assign colored children to separate schools.

Henry S. Baker of Alton said that the victory for the municipality is so sweeping that there is hardly a possibility of the supreme court throwing out the finding of the local jury when the matter comes before that body at the February term.

**Viriden Grand Jury Is Busy.**  
Carlinville, Ill., Nov. 30.—The grand jury which was called in special session Nov. 9 by Judge Shirley to inquire into the causes of the Viriden riot of Oct. 12 is yet very busy and witnesses are being examined daily. Judge Owen Thompson of Jacksonville will be here Thursday to convene court and receive the report of the jury. Every indication points to the return of a large lot of indictments for conspiracy to murder, riot, abetting riot and perjury. For several days the strictest secrecy has been noticeable in the movements of the grand jury and a disinclination of that body and counsel for the state to talk concerning the jury's probable doings portends serious results as the end of the probing is neared.

**Tax Collector Is Gone.**  
San Luis Obispo, Cal., Nov. 30.—Tax Collector Samuel L. Findley of San Luis Obispo county is a defaulter and a fugitive from justice. The extent of his embezzlement is not definitely known. On searching his safe it was ascertained that he was short at least \$11,000, but a hasty examination of the records by the county clerk indicates that he may have taken as much as \$50,000.

**What Do the Children Drink?**

Don't give them tea or coffee. Have you tried the new food drink called Grain-O? It is delicious and nourishing and takes the place of coffee. The more Grain-O you give the children the more health you distribute through their systems. Grain-O is made of pure grains, and when properly prepared tastes like the choicest grades of coffee but costs about 1-4 as much. All grocers sell it. 15 and 25c.

1896—Irish Shafer, a noted member of the New York bar, died at Poughkeepsie.

The Milwaukee Evening Wisconsin takes the subject of effective campaign speeches for a text, and says: "The day of the spell-binder has passed away. In the late campaign the only speaker who attracted large audiences and exerted important influences were those who, like Senator Spooner and J. V. Quarles and C. E. Whelan, made speeches filled with facts and logical deductions therefrom. The verbiage and clap-trump that once sufficed upon the stump 'now charm an understanding age no more.'"

Block Island Desolate.  
Block Island, R. I., Nov. 30.—The storm drove twenty-five vessels on this island, twenty-four of which are a total loss. One life was lost, Capt. Shaw of Fair Haven, Mass. The destruction was complete along the shores, and the beaches of the big salt pond, which were supposed to furnish an anchorage of safety, are a scene of desolation. Wreckage is everywhere and all sorts of rigging and timbers from every conceivable kind of fishing craft have been washing upon the beach ever since Saturday night.

Fear for Pentagoe.  
Bangor, Me., Nov. 30.—The steamship plying between New York and this city, it is feared, has foundered at sea or been wrecked at some point on Cape Cod where communication has not been re-established. The Pentagoe has 150 tons of freight, but no passengers. She is commanded by Capt. Orin Ingraham, and her crew numbers fifteen men.

Driven on the Rocks.  
New Bedford, Mass., Nov. 30.—The schooner Hattie A. Butler, Capt. Mullen, bound from Onset to New York with a cargo of sand, was driven ashore on the rocks at Angelica point, Buzzard's bay, near Mattapoisett. The fate of the captain and crew is not known.

Something Rare.  
A young colored woman of Oswego, N. Y., recently gave birth to a child with one white hand and a white foot, and its nose and the central part of its face is also white, giving it a most uncanny appearance. The physicians are of the opinion that if the child lives, the other part of its body will turn light or else the white spots will grow darker.

A POEM BY T. ALF ANDERSON

Former Janesville Man Writes of the Old Days Here.

T. Alfred Anderson, son of Harry Anderson, who conducted a barber shop in Janesville for many years, but now of Chicago, sends The Gazette the following lines:  
I sort to go to thinkin' as I sat the other day  
Out on the porch a-rockin' in an idle sort o' way,  
O' one thing an' another as a feller sometimes will  
When left alone, an' everything is quiet like an' still.  
I thought o' ol' acquaintances I hadn't seen fer years,  
Till jing afore I knowed it both my eyes were filled with tears.  
Since I was back in Janesville, it has been now let me see,  
Some twenty years, I reckon; mebbe twenty-two or three.  
They's been some great improvements, for they told me now that where  
The ol' town pump was standin' they hev got a fountain there;  
An' all across the river facin' on the bridge I ting,  
Is buildin' after buildin' jest as close as any-thing.

In readin' an' ol' number tother day o' The Gazette,  
I see the population hasn't decreased one bit yet;  
In fact, the town's been boommin' since they've got electric light,  
An' water works, an' factories, an' they say it's just a sight  
To see the street cars scootin' up an' down with all their fuss—  
The streets once solely traveled by Alvah Russell's 'bus.

I close my eyes an' fancy I'm a boy again an' stand  
Out on the corner listenin' to the Bower City band,  
As they go gayly marchin' in their suits with golden braid,  
On Fourth July or Fair week at the head o' the parade.  
The proudest day I reckon in my life was when by some  
Great streak o' luck I managed to help carry the buss drum.

It seems it takes a feller who has sort to had to roam  
Around the country friendless to appreciate a home.  
I've had my share o' pleasure freely sprinkled too with pain,  
Till now I aint much carin' whether sunshine comes er rain,  
But here I am a sittin' an' the past dreamin' about  
Till I have let by cracky my ol' pipe go plumb out.

An yet I can't help thinkin' as I sit day after day  
Out on the porch a-rockin' in an' idle sort o' way  
O' one time an' another 'as a feller sometimes will  
When left alone an' everything is quiet like an' still.  
I think o' ol' acquaintances I haven't seen fer years,  
Till jing afore I knowed it both my eyes were filled with tears.

The Lady

Repented...

A lady shopping for Dress Goods found a piece in our stock that just suited her. She asked the price and was told 47c per yard. She said "Oh, pshaw, why don't you say 50c? The difference is insignificant." We made some laughing reply and then asked her how much she wanted. She said she would take ten yards. The goods were cut off and taken to the cashier's desk to be billed. We made out two bills: One ten yards at 47c—\$4.70, and one ten yards at 50c—\$5.00. We handed her the package and presented her with both bills, telling her to take her choice. She chose to pay the one at \$4.70. We said "Oh, pshaw, give us the \$5.00; the difference is insignificant." Then there was a general laugh all around and the lady acknowledged that the little savings did count up after all.

Yes, ladies, they do count up. We sell for cash and make it a point to save you money. You never come to us for Dry Goods that you don't save a little. We lose nothing by bad accounts. We don't go into any SCHEMES to draw you to our store, but we do save you CASH on every deal.

LECTURER MURPHY  
INVADES THE CITYWILL CONVERT PEOPLE HERE  
FOR TEN DAYS.

This afternoon he met the Divines of the City and Explained His Plans—He is Working in the Interest of Temperance—Accomplished Wonders in Beloit.

Frances Murphy, of Pittsburg, Pa., who has a world wide reputation as a temperance lecturer, spent the day in looking over the local field. He was accompanied to Janesville by Rev. T. De Witt Peake, pastor of the Methodist church in Beloit, and who for three years was pastor of the Court street M. E. church in this city.

The object of Mr. Murphy's visit to the Bower City is to open up a ten days' series of meetings here, during which time he will try and convert the drinking public to the cause of temperance. He has just finished a successful ten days' series of meetings in Beloit, which were held at the Opera house and at the Presbyterian church, and at which he succeeded in making converts by the score.

Mr. Murphy is a fine appearing gentleman with silvery hair. He first entered temperance work about thirty years ago, when on April 3, 1870, he delivered a lecture in the city of Portland, Me. Since that time he has been constantly at it lecturing from sea to sea and numbering his converts by the millions. In 1881 he sailed for Europe with his son, Thomas E. Murphy, and for three years they spoke on the temperance cause to millions. The Church of England was thrown open to them, and the most open hearted hospitality was extended them by the citizens of England, who were loud in their praise of the good work accomplished.

"I have my own views to present on this temperance question," said Mr. Murphy this noon, "and while in Janesville, I will advocate that the gospel of Jesus Christ is the only thing that changes custom and saves us from our sins. When I was in England that grand old statesman, Gladstone, said: 'Your's is the only temperance movement that had the confidence of my head and heart.'"

"My method of lecturing," continued the noted speaker, "is not in attacking the saloons, for the trouble should not be checked there, but should first be stopped by the people themselves who keep up the saloons. Convert these people and then the saloons will close their doors to the public. While in Janesville I do not intend to wage war against the saloon keepers but against the drinking public, for they are the ones who should take this evil in hand and stop it. The state legislature has done all in its power to stop this evil, and now it is high time that the public itself acted in the matter."

In speaking of his good work in Beloit Mr. Murphy said that it was highly satisfactory, and that the report that Attorney William Bates, formerly of Janesville, had signed the pledge never to again let liquor pass his lips was true.

"I consider Mr. Bates a bright and able lawyer," said Mr. Murphy, "and that he has reformed is true. Attorney Bates, spoke at several of my meetings, and as cleanliness is next to Godliness all Bates needs is a bath."

This afternoon a meeting of the ministers of the city was held at the Y. M. C. A. building and plans made for holding the ten days' meetings here.

It requires a smaller quantity of "T. & T." brand Coffee per meal than any other kind, because it retains all its natural strength.

Company K Going to Panama. Springfield, Ill., Nov. 30.—Adjt.-Gen. Beece has issued an order relieving cavalry troop B from riot duty and ordering company K, Fifth infantry, Delavan, to take its place.

## STRONG STATEMENTS

Three Women Relieved of Female Troubles by Mrs. Pinkham.

From Mrs. A. W. SMITH, 59 Summer St., Biddeford, Me.:

"For several years I suffered with various diseases peculiar to my sex. Was troubled with a burning sensation across the small of my back, that all-gone feeling, was despondent, fretful and discouraged; the least exertion tired me. I tried several doctors but received little benefit. At last I decided to give your Lydia E. Pinkham's Vegetable Compound a trial. The effect of the first bottle was magical. Those symptoms of weakness that I was afflicted with, vanished like vapor before the sun. I cannot speak too highly of your valuable remedy. It is truly a boon to woman."

From Mrs. MELISSA PHILLIPS, Lexington, Ind., to Mrs. Pinkham:

"Before I began taking your medicine I had suffered for two years with that tired feeling, headache, backache, no appetite, and a run-down condition of the system. I could not walk across the room. I have taken four bottles of the Vegetable Compound, one box of Liver Pills and used one package of Sanative Wash, and now feel like a new woman, and am able to do my work."

From Mrs. MOLLIE E. HERREL, Powell Station, Tenn.:

"For three years I suffered with such a weakness of the back, I could not perform my household duties. I also had falling of the womb, terrible bearing-down pains and headache. I have taken two bottles of Lydia E. Pinkham's Vegetable Compound and feel like a new woman. I recommend your medicine to every woman I know."

LELAND T. POWERS, America's greatest impersonator, is booked for Janesville on Monday evening next, December 5, on the People's Lecture Course. Mr. Powers will appear this year in "Borrowed Spectacles," a modern comedy adapted from the French. Mr. Powers' former appearance here in "David Copperfield" and "Lord Chumley" were such signal successes that he is assured this year of an audience that will break all former records.

PROBABLY no entertainment has been looked forward to with more interest this season than the appearance on Monday evening next of that matchless impersonator, Leland T. Powers. The management of the People's Lecture course were obliged to sign a contract for him last spring, in order to get him, so great was the demand for his time. He will appear in the modern comedy adapted from the French, "Borrowed Spectacles."

NEW YEAR FINDS  
ASSOCIATION FREEY. M. C. A. DIRECTORS HAPPY  
THESE DAYS.

On the Coming of 1899 It Will Find a Large Debt Wiped Out—Raised \$1,675 By Three Days' Work Last Week—Those Who Have Pledged Amounts of Five Hundred.

Members of the Young Men's Christian Association of Janesville will observe the coming New Year's day in a way that will be most appropriate. They will then see for the first time the entire debt removed from the building that originally cost complete with the land the sum of \$25,000.

Hard work on the part of the different parties interested for several years past has brought this about, and today only \$1,400 of this sum remains to be raised.

Edward Ruger, as chairman of the finance committee, and J. C. Fredendall as a member of the board of directors, started out last week to wipe out the remaining debt, and three days' labor resulted in their raising \$1,225, among the business men, who gave freely in sums from \$50 to \$100. Others in the same time raised \$450. With this good work now well under way and with only \$1,400 debt remaining, the members of the board say that New Year's will see them clear of all debt.

The raising of this \$1,400 will result in the payment of \$7,900 in cash of pledged money that the association cannot secure until every cent of the debt is wiped out.

Of the sums to be paid the following are those pledged to give \$500 each:

J. W. Sale, H. A. Macdon, J. D. Rexford, Hiram Merrill, Susie Jeffris, A. Woodard, L. A. Kendall, William Paye, F. S. Eldred, E. E. Loomis, Valentine Brothers.

When the New Year arrives, it will bring with it an institution free from debt that the city may well feel proud of.

The building was opened on Dec. 2, 1894, and is today considered one of the finest of its kind in the entire west, one that citizens of Janesville may well feel proud of. Interest money at the rate of \$46 a month has been paid by the Association as the result of carrying this unpaid debt.

The building is today more than on a paying basis, and with this interest money stopped it will put the association in the best of condition.

"I believe that the citizens of Janesville can well afford to make New Year's calls with the coming of next January," said a prominent Y. M. C. A. worker today, "and there can be no more worthy place to extend their good wishes than at the Y. M. C. A. building, which will then be for the first time clear of all obligations."

## FORECAST OF WEATHER

Chicago, Nov. 30.—[Special].—Forecast for Wisconsin:

Rain or snow tonight; Thursday, Warmer tonight.

## BEER GLASSES ARE SMALLER

The Schooner Has Disappeared and Schults Are in Vogue.

Beer drinkers are in mourning. The new revenue law imposing an additional tax in the amber fluid has reduced the profits on its sale and saloon keepers generally have put the "schooner" into dry dock and have laid in a stock of glasses much smaller than those heretofore in use. The "growler," too, has been sent to the background, and its use is to be discouraged in every possible way. Five cents will buy one-third less beer than it did three months ago.

Saloon keepers claim that, even with the size of the glasses reduced, they make less profit than they did before the new revenue law went into force. They complain that they are compelled to pay all the cost of the war while the brewers pay nothing. The cost of the beer stamps is added to the price of the beer by the keg and barrel, and this they regard as unfair to them. The brewer who offers to share the tax with his customers may feel assured of a liberal patronage from Janesville saloon keepers.

## PRISONER REFUSES LIBERTY

Thinks More of Money Than He Does Of Himself and Time.

David Cunningham, of this city, who is now in jail serving a sixty day sentence for assaulting his wife, today refused his liberty. A friend of his called at the jail this afternoon and offered to pay the fine of \$50 and costs, but after the prisoner had talked the matter over with him he advised his friend not to go to this expense for the reason that he would rather serve out the remaining time.

Cunningham was sentenced on November 14.

## Notice.

Already ashes and other rubbish is being dumped in the street. The mayor suggests that those doing so will at once stop the practice. There will be no further warning. The unsightly and dangerous heaps will surely bring trouble to those violating the ordinance. The heaps already made must be cleared away at once, or Chief Hogan will have something to say.

J. THORNTON, Mayor.

GENTS—I was dreadfully nervous and for relief took your Karl's Clover Root Tea. It quieted my nerves and strengthened my nervous system. I was troubled with constipation, kidney and bowel trouble. Your tea soon cleansed my system so thoroughly that I rapidly regained health and strength. Mrs. S. A. Sweet, Hartford, Conn. Sold by People's Drug Co.

## PATSY GRIFFIN GOES UP AGAIN

Is Given Sixty Days In Jail For Drunkenness and Vagrancy.

Patsy Griffin has resumed his customary appearances before the municipal court. Yesterday he was released from jail after serving an eight days' sentence for drunkenness, and immediately proceeded to fill up on a bad booze. It did not take long for him to become violent and abusive, for although Patsy is a quiet and inoffensive citizen during his brief seasons of sobriety he becomes almost demoniacal when under the influence of liquor.

Judge Patten saw that leniency would do no good in Patsy's case, so he committed him to the county jail for a period of sixty days. This will carry him over the holidays, which have always been a critical period for the town's champion inebriate. When he emerges from the bastille it is the intention of some friends of his to try to induce him to go to New Orleans to see the Mardi Gras parade. If he once gets there there is no danger of his returning.

## The Goose-Bone and Muskrat

Have warned us that we are to have a long cold winter.

A Long-Felt Want Supplied.

A Weather Strip that is durable, effective and cheap. The improved Common Sense Weather Strip combines all of these qualities. It is made wholly of wood, and when applied it becomes a part of your building, permanent and lasting as are your doors and windows. By using this Weather Strip you make your buildings warm and comfortable also making a great saving of fuel, soon saving its cost. Nearly all the cold air that gets into our homes is forced in around the doors and windows, the cold air on the outside being many times heavier than the warmer air on the inside, it is forced in through every little crack and crevice much as water would be if the house was submerged, thus it is going on continually, and we must have expensive fuel to offset the effect. Testimonials by the thousands could be shown, attesting to its merits, but we believe that a test under your own observation will prove more convincing to you than a book full of testimonials of persons that are unknown to you.

Give it a trial, if only a door or window, to convince you of its merits, so that your verdict may be recorded with that of others who have tested it. Orders can be left at Sherer's drug store or with

## STORIES OF THE STREETS

## Janesville People Are Talking About it on Every Corner.

It is sometimes an easy matter to fool the public, but you can't keep it up long. They are sure to find it out; and every time a man is fooled another skeptic is made. Skepticism is allowable when reading in a home newspaper about some incident occurring in San Francisco, Calif., or Maine, but the circumstances are entirely different when it refers to some one right here at home, friends and neighbors, people you know, whom you can see and with whom you can talk it over. This is the kind of evidence at the back of Doan's Kidney Pills—home statements by home people—and the astonishing local work they have been doing has caused more talk among our citizens than the doings of any other modern wonder. Read the following.

Mrs. N. J. Casey, of 109 Prairie Ave., says: "Doan's Kidney Pills proved better than any other medicines I took for my kidneys. These organs troubled me off and on for some years. Backache was the chief symptom and often caused me to suffer severely. I tried a number of remedies but continued to grow worse instead of better. I was finally persuaded to try Doan's Kidney Pills and procured a box at the Janesville Drug Co's store. I had only taken them a few days when I felt better. Should there be any recurrence of my trouble I shall use Doan's Kidney Pills in preference to any other medicine. They can be depended upon to relieve suffering from back ache or disordered kidneys."

Doan's Kidney Pills for sale by all dealers. Price 50 cts. Mailed by Foster-Milburn Co., Buffalo, N. Y., sole agents for the United States. Remember the name Doan's and take no substitute.

## PECULIAR POISONS.

## GENERATED IN THE HUMAN BODY

The Result of Perfect Digestion of Food

Every living thing, plant or animal, contains within itself the germs of certain decay and death.

In the human body these germs of disease and death (caused by scientists Plomaines), are usually the result of imperfect digestion of food; the result of indigestion or dyspepsia.

The stomach, from abuse, weakness, does not promptly and thoroughly digest the food. The result is a heavy, sodden mass which ferments (the first process of decay) poisoning of the blood making it thin, weak and lacking in red corpuscles; poisoning the brain, causing headaches and pain in the eyes.

Bad indigestion irritates the heart, causing palpitation and finally bringing on disease of this very important organ. Poor digestion poisons the kidneys, causing Bright's disease and diabetes.

And this is so because every organ, every nerve depends upon the stomach alone for nourishment and renewal, and weak digestion shows itself not only in loss of appetite and flesh, but in weak nerves and muddy complexion.

The great English scientist, Huxley, said the best start in life is a sound stomach. Weak stomachs fail to digest food properly, because they lack the proper quantity of digestive acids (lactic and hydrochloric) and pepsinogenic products; the most sensible remedy in all cases of indigestion, is to take after each meal, one or two of Stuart's Dyspepsia Tablets because they supply in a pleasant, harmless form all the elements that weak stomachs lack.

The regular use of Stuart's Dyspepsia Tablets will cure every form of stomach trouble except cancer of the stomach. They increase flesh, insure pure blood, strong nerves, a bright eye and clear complexion, because all these result only from wholesome food well digested.

Nearly all druggists sell Stuart's Dyspepsia Tablets at 50 cents full sized package or by mail by enclosing price to Stuart Co., Marshall, Mich., but ask your druggist first.

A little book on stomach diseases mailed free. Address F. A. Stuart Co., Marshall, Mich.

## HAVE BEEN FAIR TO SPAIN.

Conquered Country Treated in a Liberal Manner.

## OPINION OF CHAIRMAN DAY.

Remaining Questions to Be Settled Will Not Consume Much Time—German Paper Explains Why Europe Did Not Interfere.

Paris, Nov. 30.—One of the American members of the peace commission said yesterday that the meeting of the commission today would deal with the purchase of one of the Caroline islands, the release of political prisoners, the religious freedom of the Carolines, the renewal of treaties, and other subsidiary matters.

Judge Day was asked whether the remaining matters would be treated with greater liberality, as judged from the Spanish viewpoint. He replied that the United States throughout the negotiations had dealt in the most liberal manner with the Spaniards. "I am surprised," he added, "that any one can think differently. The American commissioners will continue the negotiations in a liberal spirit in order to secure a treaty that will be mutually satisfactory to Spain and the United States."

**Why Europe Did Not Meddle.**  
Berlin, Nov. 30.—The Cologne Gazette devotes a long article to the conclusion of the Spanish-American negotiations. It says, with a side thrust at "the insatiable greed of the Americans," that "mutual envy among the great powers of Europe was the reason why the United States did not encounter opposition to its extensive and unjust demands, despite the fact that such opposition would have opened a prospect of vast benefit to the powers," and adds:

"Great Britain's point of view, that she would rather see the Philippines in the hands of the United States than in those of any other power, appears easy of explanation, inasmuch as the addition of America to the controlling elements in the far east would increase the supremacy of the Anglo-Saxon race in that part of the world."

"Considering also that interference by any European power in the Philippine question would incur the bitterest enmity of the United States, and that the United States could crush the outlet of the interfering power's products through commercial restrictions and impositions, the complete silence of European diplomacy in the peace negotiations need not cause surprise."

"It was owing to the concurrence of these circumstances that Spain was crushed. As regards the Cuban debt, Spain must bend her neck to the American yoke."

**Spain's Submission Confirmed.**  
Washington, Nov. 30.—The president Tuesday received a short dispatch from Judge Day confirming the press report that the Spanish commissioners have agreed to the American propositions concerning the Philippines and that the treaty of peace will be drawn up and signed in a few days.

Instructions have been sent to the peace commissioners to negotiate for the purchase of one of the Caroline islands for use as a naval and cable station.

It is probable that the peace treaty will be signed within the next two weeks, but it may not be laid before the senate until after the holiday recess, and then go to the foreign relations committee for careful consideration.

The question as to the status of the residents in the Philippine islands after the ratification of a treaty of peace was referred to the attorney general for an opinion. This question promises to be an important one in the near future, and the administration may give instructions to the American commissioners to define this status in the treaty.

Flues carry the heat from the fire pot around the stove. In a three-flue stove (the Favorite) two flues carry the heat down the outer edges of back and around the extreme outer edges of base to the front of the stove. Here they unite and return across the center of base and up the center of back.

Three flues on the back of stove, three flues on the base of stove.

Every inch of the stove a positive heating surface.

**DELAY WOULD BE WELCOME.**

Spanish Troops Need Not Hurry from the Philippines.

ARE DOING GARRISON DUTY.

Authorities at Washington Realize That a Strong Force of American Troops Will Be Needed to Keep the Insurgents in Check—Work for a Commission.

Washington, Nov. 30.—One of the most interesting features of the Paris peace treaty which will become known only after the publication of the full document is the provision, which it doubtless contains, regarding the evacuation of the Philippines by the Spanish military forces. A fair estimate of the size of this force is 20,000 men, and these troops, of course, will be required to evacuate within a reasonable time, just as troops have been required to do in Porto Rico and Cuba.

Questions arise in regard to the evacuation of the Philippines similar to those which confronted the United States government in regard to Cuba, but the questions are more serious in the east than they were in the West Indies. The administration was not prepared to establish its garrisons in Cuba very much more rapidly than the evacuation took place, and owing to the insurgent situation in the island in the vicinity of some of the larger towns the government was not sorry that the slowness of the Spanish in evacuating would prevent the Cuban posts from being ungarrisoned while waiting for the arrival of the American troops. But the situation in regard to the insurgents in Cuba was never very threatening except in one or two localities, while the conditions among the native troops in the Philippines have been critical, and are so at present.

There is no expectation that the United States will be able to increase its military force in the Philippines for some time. The troops already there are not numerous enough to properly garrison the scattered territory, probably, and certainly they would not be if the volunteer regiments should be withdrawn very soon. Under these circumstances the administration does not regret that the Spanish evacuation will be slow. If the peace treaty names a date on which the evacuation of the islands is to be completed, that date is in all probability rather remote. If the peace treaty does not name this date, provision is doubtless made in the instrument for the appointment of a joint evacuation commission similar to those appointed for Cuba and Porto Rico. It would be the duty of the American members of such a commission, acting under advice from Washington, to name a date on which the evacuation should take place and to arrange the details of the withdrawal of the Spanish garrisons and the installation of the American forces.

It is as yet uncertain how many points will be garrisoned by United States troops, but a strong force will eventually be sent to Iloilo, the scene of the recent insurgent disturbances. Other places distributed about the archipelago may need garrisons quite as strong. Pending the time of final evacuation by the Spanish and of the increase of the United States forces in the Philippines there is some likelihood that a part of the troops now stationed at Manila will be distributed at other points where the protection of lives and property may require the presence of garrisons.

Hoarseness in a child that is subject to croup is a sure indication of the approach of the disease. If Chamberlain's Cough Remedy is given as soon as the child becomes hoarse, or even after the croupy cough has appeared, it will prevent the attack. Many mothers who have croupy children always keep this remedy at hand and find that it saves them much trouble and worry. It can always be depended upon, and is pleasant to take. **WINE OF CARDUI****HEALTHY OLD AGE.**

LARUE, BENTON CO. ARK., Aug. 4.  
I am 49 years old and have been suffering with Change of Life. I had flooding spells so bad that none thought I could live. My husband got me Wine of Cardui and it saved my life. I am like another person since taking it.  
MRS. E. B. TOWNSEND.

**Wine of Cardui**

It is the devout wish of nearly all people to live to a ripe old age. None of us want to die young. This universal desire can be realized if care be taken of the health in early and middle life. A little precaution then will add many years to our existence. Death can be kept away a long time. Happy, healthy old age will be the lot of the woman who promptly corrects the ailments which afflict her sex. In youth, Wine of Cardui will take the female child safely over the dividing line between girlhood and womanhood. As a wife she needs it to help her through the trials of pregnancy and childbirth with as little discomfort as possible. At the Change of Life it will help her over the dangerous place that appears in her pathway between 40 and 50. Then will come many years of truly blissful existence. She will grow old slowly and gracefully. To the last she will preserve that charm and beauty which are always characteristic of perfectly healthy grandmothers. It is for women alone to decide whether they will be healthy or sick. The remedy for their sickness is close at hand.
